Angajată

About me

I am a very calm person, rarely i can get angry. I have a very artistic mind, every little corner i could see, it's as an art opportunity. Being punctual is my strong point, I do not enjoy being late to an event/place, would appreciate if the second party would respect punctuality. I am a gentle person and I try to get along with everyone in my spheres. English is my second language, at the moment it feels as my first because of how often i speak it. Unfortunately i do not use personal information in my social media such as: Instagram; Tiktok; Telegram; Youtube etc.
