Agile Methodologies (SCRUM), Behaviour Driven Development, Continuous Integration, Design Patterns

Experiența profesională

Java Software Engineer · Endava SRL · Chișinău
Aprilie 2021 - Prezent · 4 ani 10 luni

Marketing and market-places analysis

Danylo has 4 months of experience as a Java-tester at Meta-Sistem S.R.L. During work, such skills as communication and collaboration with a team were achieved, emergency detection and reporting of critical problems, identification of issues source patterns. Got a bit of experience with Selenium WebDriver and XPath during the implementation of java application.

Payment gateway

Still working as a developer in a financial domain at ENDAVA S.R.L. Implemented and maintained a large amount of Spring/Spring Boot applications (microservices architecture). Obtained experience with Jenkins. Developed a Spring Console application to simulate third-party service. Also integrated and maintained a real one within the system, created corresponding documentation for provided functionality using IntelliJ markup language.
