Project Manager

Despre mine

I am looking for a job in an honest and stable company that fulfills promises and agreements, where I could be a loyal and successful employee. I prefer companies in which the employer respects his employees, and they respond with good results.

Please write or call the specified number in messengers (Viber, whatsapp, telegram), because I can be on a business trip.

- Strong organization skills.
- Project Management: Understanding key project management methodologies such as Agile, Waterfall, and Scrum. Ability to create project plans, define budgets, monitor timelines, and allocate resources.
- Communication: Excellent communication and persuasion skills both in written and verbal forms. Proficiency in effectively communicating with teams, clients, and stakeholders.
- Leadership: Skill in motivating and leading teams. Creating a positive work atmosphere, conflict resolution, and people management.
- Planning and Organization: Ability to structure work, set priorities, allocate resources, and monitor task execution.
- Risk Management: Proficiency in identifying potential risks, developing plans for their management and mitigation.
- Analytical Skills: Capability to analyze data, make informed decisions based on facts and statistics.
- Competent negotiation and obtaining favorable terms of the transaction for the company.
- Knowledge of Tools: Experience with project management tools such as Microsoft Project, Jira, Trello, and others.
- Deadline and Budget Adherence: Skills in monitoring project timeline adherence and managing the project budget.
- Negotiation and Conflict Resolution: Ability to reach agreements and resolve disputes among various project stakeholders.
- Self-Organization: Capability to effectively manage oneself, plan one's work, and monitor personal productivity.
- Elaboration of all possible options and search for the most profitable.
- Knowledge of the legislative framework.
- Knowledge of customs procedures, work with brokers.
- Knowledge of Incoterms, TIR, CEMT, ADR conventions, regulations of FIATA, IATA, ОСЖД, BIMCO.
- Skills of organizing and staff controlling.
- Knowledge of logistics inside and out.
- The ability to quickly understand a non-standard situation and

solve it competently.

Digital literacy: High level of PC and office equipment proficiency. Knowledge of programs Microsoft (AutoRoute, Word, Excel, Outlook, Power Point, etc.), PC Miler, Packer 3D, Autocad, Coreldraw, 1C, Jira.

Technical competencies:

- Knowledge of the structure of the car, loading equipment, complex mechanics, pneumatics, hydraulics, equipment for the food and pharmaceutical industries.
- Knowledge of vehicle maintenance and repair regulations.
- Knowledge of metal, plastics and other materials processing technology.
- Comprehension of drafts and technical documentation.
- Ability to create 2D and 3D models (drafts).
