Laravel developer

Despre mine

I'm a dedicated web developer skilled in PHP, Laravel, and API development. With proficiency in microservices and Docker, I deliver efficient and scalable solutions. I excel in teamwork and effective communication.

- Proficiency in building and consuming RESTful APIs.
- Experience with microservices architecture.
- Strong knowledge of Laravel PHP framework.
- Expertise in using Livewire for dynamic web interfaces.
- Familiarity with Docker for containerization.
- Understanding of database technologies (MySQL, PostgreSQL, MongoDB).
- Git.

Experiența profesională

Laravel developer · CTIF · Chișinău
Octombrie 2020 - Prezent · 4 ani 9 luni
