Truck Dispatcher

About me

I own a Cambridge University English exam at the level B2. I worked in the past as a waitress for a short period of time. I am a student, last year of high school. I am a calm, collected person who is going to give her best in her line of work. My russian is not greatly developed neither do I speak it much but if it's necessarily, I will try my best to hold a conversation.

I can and would appreciate to take night shifts at work since during the school year I learn from 17:00- 20:30 Monday to Friday.
