Truck Dispatcher

About me

Friendly, positive, and reliable logistic operator here, with hands-on experience in coordinating freight movement across the US market. Strong communication and negotiation skills, able to perform efficiently under pressure while maintaining professional relationships with drivers, brokers, shippers, receivers, and 3PL partners. Highly organised, adaptable, and motivated to contribute to smooth daily operations and team success.

You will notice an 8-month gap in my CV- I did some land surveying work on contract in the UK. Recently returned to Chișinău, fully focused on truck dispatching and freight brokerage. if
