# Electrician

## Work experience

### Electrician · Armentum · Istanbul

*October 2024 - Present · 11 months*

I am doing electrical maintenance on a 1987 model Russian yacht. I renewed the pump systems, windlass and transformer installations in the engine room. I did the electrical installations of the deck, saloon, guest cabins and captain's cabin.

Skills: Assembly and Installation, Anchor, Electrical Transformers, Diesel Generators, Vacuum Pumps, Pumps, Maintenance

### Marine Electrician · Sartek Elektrik · Istanbul

*May 2024 - October 2024 · 6 months*

We did the electrical installation of the fuel ship for the Netherlands. I did the energy distribution areas, engine room and fire alarm systems. In my second project, I built the entire ramorkor ship and was one of the project managers. I did the cable pulling, connection and commissioning. I did the fire, alarm, energy, generator, transformer, pumps and electricity of the living areas.

Skills: Electrical Wirings, Oil and Gas, Roxtec, Automation, Cable Pulling, Fire Alarm Systems

### Marine Electrician · Saygi Denizcilik · Istanbul

*April 2024 - April 2024 · 1 month*

I carried out maintenance, repair and overhaul work on the fishing vessel in the last month of its construction.

Skills: Maintenance

### Electrician · Samtekger Gmbh · Germany

*June 2023 - September 2023 · 4 months*

I did energy installation in CATL automobile battery factory. I installed cable duct, pipe and junction boxes. I pulled cables and connected electrical distribution panels. After finishing my project, I worked in solar energy.

Skills: Factory, Photovoltaics, Electrical Connections, Cable Pulling, Assembly and Installation

## **Desired industry**

- Installations / Technical
