Front-End Developer

About me

I am an aspiring Frontend Developer with hands-on experience in modern web technologies, including React, TypeScript, TailwindCSS, and Vite. During my internship, I contributed to the development and maintenance of user interfaces with a strong focus on code quality, usability, and application performance. I am highly motivated to learn, eager to grow professionally, and quick to adapt to new tools and challenges. With strong communication skills, responsibility, and critical thinking, I strive to deliver meaningful contributions and drive the success of the projects I am part of.

Work experience

Front-End Developer · Carasent · Remote

May 2025 - September 2025 · 5 months

Contributed to the development and maintenance of a modular architecture (micro-frontends).

Gained hands-on experience with modern tools and technologies: Docker, Node.js (backend), TailwindCSS, Vite.js, Visual Studio Code.

Demonstrated a proactive approach by suggesting improvements and optimizing workflows.

Quickly adapted to new technologies and challenges, showcasing flexibility and strong learning ability.

Delivered valuable contributions that improved project quality and stability, proving reliability and dedication.
